## What is Medical Tourism?

Medical Tourism, also known as medical travel, health tourism, or global healthcare, has revolutionized how individuals seek and receive elective procedures. It offers a unique opportunity to combine world-class medical care with exploring a new destination, creating an enriching and memorable experience. By choosing medical tourism, you can access a wide range of exceptional providers worldwide, allowing you to select the best options for your specific healthcare needs.

### **Here are some of the most exciting and updated news about the medical tourism industry:**

- **The growing popularity of cosmetic procedures:** According to the International Society of Aesthetic Plastic Surgery, the demand for cosmetic procedures has increased by 20% in the past year. With the rise of social media, people are becoming more aware of the available treatments and seeking affordable options abroad.
- **Increased focus on safety and quality:** As medical tourism grows, there is a growing emphasis on ensuring that patients receive safe, high-quality care. Governments and organizations worldwide are working to create standards and regulations to protect patients and ensure they receive the best possible treatment.
- **Expansion of telemedicine:** Telemedicine has been snowballing recently, and the pandemic has accelerated its adoption. Patients can now consult with doctors and receive diagnoses and treatments from the comfort of their own homes. This has opened up new opportunities for medical tourism, as patients can now receive care from anywhere in the world.
- **Increased accessibility to affordable medical care:** The cost of medical care in many countries continues to rise, making it difficult for many people to access the care they need. Medical

tourism provides an alternative option for patients, as they can receive high-quality care at a fraction of the cost in their home countries.

### **What is Bogota like?**

Bogota is a vibrant and safe city located in South America. It boasts numerous neighborhoods filled with music, food, dance, and art, offering a rich cultural experience. With a lower violent crime rate than Indianapolis, Bogota is considered one of the safest urban areas in the region. Additionally, it is renowned as one of the world's best destinations for coffee lovers. The climate in Bogota is cool and often overcast, with temperatures ranging from 44°F to 66°F throughout the year. It's advisable to pack sweaters, a jacket, and comfortable clothes suitable for the fall-like weather with a touch of spring. If you're undergoing a cosmetic or bariatric procedure, avoid bringing jeans or tight clothing. Upon arrival, taking a Tylenol can help ease the adjustment to the altitude. The local cuisine in Bogota offers a variety of typical Latin American dishes, including rice, beans, salad, seafood, pork, red meat, and chicken. There is an abundance of restaurants to explore, or you can opt for dining at your hotel or even getting delivery.

### **What is not included in the Packages?**

Airfare is not included! We recommend booking your trip with an airline that offers direct flights. Delta and American Airlines offer direct flights out of most US cities. We will be happy to assist you in your search and recommend the best flights for you!

### **Can I bring a companion to my Medical Tourism Experience?**

Yes! The Hotel has double occupancy; included in your package! We encourage you to bring someone with you to provide you with the extra support you will need.

### **The Experience**

At Smiley Aesthetics, we understand that traveling to another country for medical treatment can be a stressful experience. That's why we strive to provide a stress-free journey for our clients by planning each step and removing all uncertainty.

We offer customizable packages that can be tailored to meet our client's unique needs and budgets. Our specialized bilingual Virtual and In-Person Medical Tourism Experts are assigned to each client to guide them through the treatment process, ensuring a smooth experience.

Our In-Person Experts will meet our clients at the airport and accompany them to their hotel. They will manage their entire stay, including transportation, accommodation, pre & postoperative care, and any other form of hospitality. They will be there for our clients every step of the way, providing support and guidance.

At the end of their stay, our In-Person Experts will take our clients to the airport, help them with their bags, and ensure they know where to go to board their plane. We aim to provide our clients with a seamless experience, from when they arrive to when they depart.
